British Subject Missing.

At 10.30a.m. 9-1-42, Chief Inspt. Papp, W.A.S. Police, conducting enquiries regarding the disappearance of Mr. Watts, came to the station and requested assistance to interview Mr. Fraser of the Kailen Mining Administration.

Assistance was rendered by D.S.I. Cooke. No further information was obtained.

Pending a clarification of the case, the Administration will endeavour to retain the services of Mr. Watts' servants and to appoint a caretaker to look after the premises.

G.I. Papp passed the following information to the S.V.P.

Mr. Watts was last seen by a Mrs. Andrews who lives near the Hungjao Golf Club when he visited her at about 5p.m. 19-12-41.

He is purported to have told Mrs. Andrew that he was going to Tientsin with T.F. Wei, on Administration business.

It is known that Mr. Watts did not accompany Wei to Tientsin.

The chauffeur Yo Dzo Hong, permit No. 28300, returned to 333 Amherst Avenue during the afternoon of 20-12-41, and left the house a few minutes later.
